## SPONSORS

Sponsorship of the 2004 Joint Conference of the 21<sup>st</sup> American Society of Mining and Reclamation and the 25<sup>th</sup> West Virginia Surface Mine Drainage Task Force Symposium has been provided in the form of financial contributions or as labor-in-kind by the following entities:

West Virginia Surface Mine Drainage Task Force  
American Society of Mining and Reclamation

### 2004 Organizing Committee Members

Jeff Skousen Chairperson  
Meredith Pavlick Program Coordinator  
Bruce Leavitt AudioVisual Coordinator  
Patty Bruce Registration  
Dick Barnhisel CD and Papers  
Tiff Hilton Exhibits

### ASMR 2004 National Executive Committee<sup>1</sup>

Jeff Skousen	President (becomes Past-President mid-conference 2004)
Gary Wendt	Past-President (term ends mid-conference in April 2004)
Margaret Dunn	President-Elect (becomes President mid-conference 2004)
David Chenoweth	President-Elect (term will begin mid-conference in April 2004)
David Chenoweth	Chairperson (term ends mid-conference in April 2004)
Robert Nairn	Chairperson (term ends mid-conference in April 2005)
Virginia McLemore	Chairperson -Elect (term will begin mid-conference in April 2004)
James Burger	Chairperson (term ends mid-conference in April 2004)
Gary Wade	Chairperson-Elect (term ends mid-conference in April 2005)
Steve Schroeder	Chairperson-Elect (term will begin mid-conference in April 2004)
Robert Kleinmann	Technical Division Representative (term ends at the close of the conference, April 2004)
Richard Barnhisel	Executive Secretary

### ASMR Technical Division Chairpersons

Ecology	Richard Vincent
Forestry & Wildlife	John Harrington and Fred Brenner
Geotechnical Engineering	Suzette R. Burckhard
International Tailings & Reclamation	Stuart Bengson and Timothy Richmond
Land Use Planning & Design	Jon Brian Burley
Soils & Overburden	Robert Darmody
Water Management	Robert Kleinmann and Jack Nawrot

---

<sup>1</sup> Terms of office follows the names of each person.

## VIEWING PROCEEDINGS PAPERS AND ABSTRACTS

Each full paper, poster, or abstract is located on this CD in PDF format.

The PDF files are named using the first page number of each entry and the primary author's last name. This will be noticeable when viewing the files from the file directory rather than the two indices.

The first index that follows is arranged according to the order the papers were presented at the meetings. **Simply place the pointer on the page number in the left column and click the left button and the desired article will appear.** The second index that follows the meeting index is for the most part are in alphabetical order according to the primary author's name, but due to some differences between corresponding author and first author, there are some exceptions. Again, place the pointer on the page number and click the left mouse button.

**The entire proceedings are indexed to accommodate full text searching.** To locate a list of proceedings articles containing key works, just click on the index search icon above (the icon with binoculars over a sheet of text) and type in the word or words for which you would like to search. These words in the entire 1600 pages should become available in this search

## Monday PM Session A - Title: Underground Mine Hydrology

**Joe Donovan, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
An Evaluation of Helicopter Time Domain Electromagnetic Surveys for Detecting Deep, Flooded Mine Workings	R. Hammack, K. Witherly, M. Zellman, B. Lipinski, B. Harbert, & T. Ackman	767
Long-term water quality trends in a partly flooded underground coal mine	E. F. Perry & H. W. Rauch	1438
Longevity of Acid Discharges from Underground Mines Lying above the Regional Water Table	J. Skousen, L. M. McDonald, & J. Demchak	1769
Hydrology of the Abandoned Underground Corning Coal Mine, Perry County, Ohio	M. W. Stoertz, P. Sahu, B. McCament, and J. S. Bowman	1831
Estimation of Hydraulic Conductivity of Coal Mine Barriers, Pittsburgh Coal, Northern West Virginia, 1992-2000	K. J. McCoy, J. J. Donovan, & B. R. Leavitt	1218
Numerical Modeling of a Large Mined Synclinal Coal Basin, Westmoreland County, Pennsylvania	W. R. Winters & R. C. Capo	2061

## Monday PM Session B - Title: Valley Fills

**Carl Zipper, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Benthic Macroinvertebrate Studies Conducted in Mountaintop Mining/Valley Fill Influenced Streams in Conjunction with the USEPA Environmental Impact Study	M.Y. Armstead, J.L. Yeager-Seagle, & L. Emerson	87
Evaluating Impacts of Mountain Top Removal/Valley Fill Coal Mining on Stream Fish Populations	C. Paola Ferreri, J. R. Stauffer, & T. D. Stecko	576
How Much Do Valley Fills Influence Headwater Streams?	K.J. Hartman, M.D. Kaller, J.W. Howell, & J.A. Sweka	822
Streamside Salamanders in Valley Fill and Reference Streams in Southern West Virginia	J.M. Williams & P.B. Wood	2026
Long-Term Downstream Impacts of Surface Mining and Valley Fill Construction to Benthic Macroinvertebrates and Water Quality	E.J. Kirk & R. Maggard	1095

## Monday PM Session C - Title: ADTI

**Roger Hornberger, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
The Acid Drainage Technology Initiative	F. Block, S.C. Parsons, R. Williams & J. R. Craynon	157
Acid Drainage Technology Initiative: Continuing Progress in Coal Related Topics	S.C. Parsons, P.F. Ziemkiewicz, F. Block, R.J. Hornberger & J.R. Craynon	1424
Future Directions of the Coal Mining Sector of the Acid Drainage Technology Initiative and the Needs for Acid Drainage Research	John Craynon	412
Use of Databases in Characterization at Mine Sites	V.T. McLemore, G.K. Hoffman, M. Wilks, J. S. Raugust, & G.R. Jones	1239
Optimization of Limestone Drains for Long-Term Treatment of Mine Drainage, Swatara Creek Basin, Schuylkill County, PA	C.A. Cravotta III, S.J. Ward, D.J. Koury, & R.D. Roch	366

## ADTI (continued)

Refinement of ADTI-WP2 Standard Weathering Procedures, and Evaluation of Particle Size and Surface Area Effects upon Leaching Rates: Part 1: Laboratory Evaluation of Method Performance	R. J. Hornberger, K.B.C. Brady, J.E. Cuddeback, W.B. White, B.E. Scheetz, W.A. Telliard, S.C. Parsons, C.M. Loop, T.W. Bergstresser, C.R. McCracken Jr., & D. Wood	916
Refinement of ADTI-WP2 Standard Weathering Procedures, and Evaluation of Particle Size and Surface Area Effects upon Leaching Rates: Part 2: Practical and Theoretical Aspects of Leaching Kinetics	K.B.C. Brady, W.B. White, R.J. Hornberger, B.E. Scheetz, & C.M. Loop	174

## Monday PM Session D - Title: Reforestation/Forestry

<b>John Harrington, Moderator</b>	<b>Paper Authors</b>	<b>Page</b>
Influence of Site Factors on the Survival and Growth of Early- and Late-Successional Appalachian Hardwoods on Reclaimed Mined Land	W.E. Auch, J.A. Burger, & D.O. Mitchem	93
Carbon Sequestration by Forests and Soils on Mined Land in the Midwestern and Appalachian Coalfields: Preliminary Results	B. Amichev, J.A. Burger, & J.A. Rodrigue	20
Department of Energy's Program on the Reclamation of Mine Lands for Carbon Sequestration and other Ancillary Benefits	J.T. Litynski	1205
First-year performance of northern red oak on reclaimed mined lands: Effect of stocktype, controlled-release fertilizer, and mycorrhizal inoculation	A.S. Davis & D.F. Jacobs	480
Vegetation Productivity Model for Grand Traverse County, Michigan	G. Le Cleac'h, M. Salles, & J.B. Burley	1176
Predicting Visual Quality with GIS Based Land-Use Data: An Old Mission Peninsula, Michigan Case Study	M. Noffke and J.B. Burley	1376
Early development of a Species Test established on Surface Mines thirty years post-reclamation	D.W. McGill, V.L. Ford, & J.F. McNeel	1227

## Tuesday AM Session A - Title: AMD Passive

<b>Robert Kleinmann, Moderator</b>	<b>Paper Authors</b>	<b>Page</b>
Passive Treatment of Acid Mine Drainage in the Mid-Continental U. S. – Construction Problems and Possible Solutions	P.T. Behum, Jr., & K. (Min)Kim	128
Anaerobic Bioremediation of Acid Mine Drainage Using EOS	N.L. Lindow & R.C. Borden	1192
Trace Metal Retention in LBOS-Amended, Vertical-Flow Constructed Wetlands Treating Low pH, Ferric Iron-Dominated Acid Rock Drainage	R.C. Thomas, C.S. Romanek, & L.S. Paddock	1862
Operation and Maintenance Considerations for A Passive Treatment Complex	C.F. Denholm, P.J. Shah, T. Hilton, T.P. Danehy, S.L. Busler, & M.H. Dunn	503
Treatment of High-Flow, Low-Iron Mine Drainage with A Semi-Passive System	G.R. Watzlaf	1962
The Use of Sulfate Reducing Bacteria to Remove Sulfate from Iron Mining Tailings Water	P. Eger, T. Moe, & J. Engesser	531

## Tuesday AM Session B - Title: Hydrology

**Jack Nawrot, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Ground-Water Flow and Quality in A Fully Flooded Underground Complex	E.F. Perry & J.W. Hawkins	1460
Uses of the Borehole Camera in Hydrologic Investigations Related to Coal Mining	J.W. Hawkins & R.S. Evans	847
Remote Sensing, Visualization and Modeling of the Diamond Coal Mine in Hazleton, PA	D. Sirkis, G. Stevens, & T. Bechtel	1728
Geochemistry, Hydrogeology, and effects from the plugging of Artesian Flows of Acid mine drainage: Clarion River Watershed, Northwestern Pennsylvania	S.L. Stafford, T.J. Weaver, & R.S. Hedin	1792
Geochemical Cluster Analysis of Mine Water Quality Within the Monongahela Basin	J.M. Stiles, J. Donovan, D.A. Dzombak, R.C. Capo, & L. Cook	1817
Some Hydrologic Properties of Surface Mine Spoil in the Appalachian Plateau	J.W. Hawkins	860
Land Application of Coalbed Methane Waters: Water Management Strategies and Impacts	L.A. King, G.F. Vance, G.K. Ganjegunte & B. Carroll	1056

## Tuesday AM Session C - Title: Selenium

**George Vance, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Potential Use of Plants for Selenium Reclamation	G.S. Bañuelos	111
Biogeochemistry of Selenium on Remediated Phosphate-Mine Tailings in Southeastern Idaho	D. Strawn, A. Ryser, J Johnson-Maynard, G. Möller, B. Hart, & M Marcus	1854
Environmental Selenium and Land Disturbance: Soil, Vegetation, Water and Animals	GF. Vance	1906
The Occurrence and Impacts of Selenium in Aquatic Systems Downstream of A Mountaintop Mining Operation in Central Appalachia	R.R. Maggard	1207
Attenuation of Selenium in Mine Spoil	P.F. Ziemkiewicz & A.S. Knox	2145
A Preliminary Study on the Speciation of Selenium in a West Virginia Watershed	D.J. Vesper, G. Bryant, P.F. Ziemkiewicz	1950

**Tuesday AM Session D - Title: AMD/Remining  
Ben Faulkner, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
<b>Topsoil Creation for Bond Forfeited Mined Land by Using Green Sawdust and Other Sawmill By Products</b>	L.T. Beckerle	<b>126</b>
<b>Helicopter Frequency Domain (FDEM) Surveys for Characterizing Environmental Problems Related to Mining: Observations and Conclusions from 30 Surveys</b>	G. Veloski, R. Hammack, J. Sams, T. Ackman, & W. Harbert	<b>1916</b>
<b>Reclamation of Abandoned Coal Mine Wastes Using Lime Cake Byproducts in Korea</b>	J.E. Yang, H.J. Kim, J.Y. Choi, J.P. Kim, Y.S. Shim, J.M. An & J.G. Skousen	<b>2067</b>
<b>The Development of A National Program to Abate Acid Mine Drainage Through the Remining of Abandoned Mine Lands</b>	M.W. Smith, R.J. Hornberger, K.B.C. Brady, J.Hawkins, W.A. Telliard, J. Cuddeback, & K. Miller	<b>1770</b>
<b>Little Boyd Coal Co., Inc. Remining No.'s 1 and 2 Mines</b>	L.G. Rankin	<b>1507</b>
<b>Monday Creek Ecosystem Restoration Feasibility Study</b>	M.D. Kessinger	<b>1023</b>
<b>Mitigating the Percy Mine Fire</b>	S.R. Michalski, P.E. Glogowski, & W.J. Marks	<b>1304</b>

**Tuesday PM Session A - Title: AMD Passive  
George Watzlaf, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
<b>Scaling up Design Challenges for Large Scale Sulfate Reducing Bioreactors</b>	J.J. Gusek	<b>752</b>
<b>The Life Cycle of A Passive Treatment System: A Study of the Open Limestone Channel at Sovern Run # 62</b>	J.B. Gutta & P. Ziemkiewicz	<b>766</b>
<b>Water quality changes in a combined alkaline injection technology-reducing and alkalinity producing system (AIT-RAPS)</b>	R.W. Nairn, C.M. Porter & G.A. Canty	<b>1338</b>
<b>Impacts of Remediated Acid Mine Drainage on Biological Systems within a Successive Alkalinity Producing Wetland Treatment System</b>	C.M. Porter & R.W. Nairn	<b>1505</b>
<b>An "Autopsy" of the Failed Tangaskootack #1 Vertical Flow Pond, Clinton CO., Pennsylvania</b>	A.W. Rose, D. Bisko, A. Daniel, M.A Bower & S. Heckman	<b>1580</b>

**Tuesday PM Session B - Title: Overburden/Soils  
Robert Darmody, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
<b>Influence of Mineland Reclamation Practices on Microbial Community Recovery and Soil Organic Carbon Accumulation</b>	J.D. Anderson, P.D. Stahl & L.J. Ingram	<b>74</b>
<b>Soil Reconstruction on Surface Mined Land Using a Prototype Mechanical System</b>	J.P. Fulton & L.G. Wells	<b>677</b>
<b>Impacts of Land Application of Saline-Sodic Coalbed Methane Water on Soil Physical and Chemical Properties in Wyoming</b>	G.K. Ganjgunte, L.A. King & G.F. Vance	<b>720</b>
<b>Reclamation of Disturbed Sulfidic Coastal Plain Sediments Using Biosolids at Stafford Regional Airport in Virginia</b>	Z.W. Orndorff & W.L. Daniels	<b>1389</b>
<b>Study on Soil Improvement for Reclaimed Subsided Land with Fly Ash and Organic Fertilizer</b>	Z. Hu, S. Chu, S. Zhao, J.R. Zhang & Z.J. Zhao	<b>948</b>
<b>RUSLE C-factors for slope protection applications</b>	R.D. Karpilo, Jr. & T.J. Toy	<b>995</b>

## Tuesday PM Session C - Title: Forestry West Virginia

**James Burger, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Restoring Forests on Mined Land in the Appalachians: Results and Outcomes of A 20-Year Research Program	J.A. Burger	260
Biological and Economic Hurdles to Private Forest Ownership of Reclaimed Strip Mines	V.L. Ford	670
Financial cost to landowners associated with Forestland Conversion to Non-Productive Uses in the Process of Surface Mining	J. Aggett, J. Sullivan, G. Amacher & J. Burger	9
Forestry: A Practical Land Use For Surface Mining?	M.W. Isabell	969
The New West Virginia Mine Land Reforestation Initiative	S.D. Eggerud	552
The Kentucky Reforestation Initiative	P.F. Rothman	1617
Office of Surface Mining Reclamation and Enforcement Appalachian Regional Reforestation Initiative	P.N. Angel & V.M. Davis	790

## Tuesday PM Session D - Title: Revegetation/Wildlife

**Fred Brenner, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
The Relative Merits of Native Transplant Plugs and Topsoil Islands in the Enhancement of Understory Biodiversity on Reclaimed Minelands	K. Winterhalder	2042
Success of Reclamation Practices to Support Amphibian Populations	K.P. Jansen, C.M. Oakes, & F.D. Colyer	970
Techniques for Encouraging Native Plants and Creating Bobwhite Quail Habitat on Drastically Disturbed Land	L.T. Beckerle	127
Effects of Wildlife Utilization on Wyoming Big Sagebrush Growth and Survival on Reclaimed Mine Lands	K.A. Partlow, G.E. Schuman, R.A. Olson, & S.E. Belden	1434
Effects of Fertilization and Disturbance on Native Species Establishment on Highway Corridors in West Virginia	C. Venable & J. Skousen	1937
Successful Reclamation in Dry-Land Environments—A Case Study	D.L. Wendell & C.A. Westerman	1990
Lower Grey Cloud Island Forest Patch: A 15 Year Reclamation Monitoring Study	J. B. Burley, C.A. Churchward, C.J. Burley, & W.D. Sanders	261

## Wednesday AM Session A - Title: AMD Passive

**Art Rose, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Evaluation of Aeration Techniques for Mine Water Treatment in Passive Systems	T.W. Schmidt	1619
Success and Problems at Acid Mine Drainage Abatement Project Cold Stream Site A Contract No. AMD 14(0850)101.1 Rush Township, Centre County	P.J. Shah	1663
Technology and Design Advances in Passive Treatment System Flushing	K.R. Weaver, K.M. Lagnese, & R.S. Hedin	1974
Interstate Technological Regulatory Council (ITRC) Constructed Treatment Wetlands Guidance Document	P. Eger	551
Effects of AMD Pollutant Loading on Streams in the Hazleton PA Area	J.J. Mendinsky & B.A. Dempsey	1289
The Use of A Prioritization Index to Rank Mine Discharges and Tributary Streams for Remediation Consideration	D.R. Williams	2014

### Wednesday AM Session B - Title: Mine Soils

**John Sencindiver, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Proposed Changes to Soil Taxonomy That May Affect Mine Soil Classification	J.M. Galbraith	706
A Proposal for the Classification of Anthropogenic Soils	B.A. Hartman, J.T. Ammons & N.T. Hartgrove	810
Recognition of Noogenic Soil Materials in Classifying Mine Soils	A. Kosse	1147
Mapping Minesoils in the National Cooperative Soil Survey in Appalachia: A Brief Overview of History, Status, and Distribution	S.G. Carpenter, R.R. Dobos, & T.M. Prescott	271
Mine Soil Classification and Mapping Issues on Pre- and Post-SMCRA Appalachian Coal Mined Lands	W.L. Daniels, K.C. Haering, J. Galbraith & J. Thomas	421
Mine Soil Morphology and Properties in Pre- and Post-SMCRA Coal Mined Landscapes in Southwest Virginia	W.L. Daniels, K.C. Haering, & J.M. Galbraith	450
Characterization of Reclaimed Soils in Southwestern Indiana after Surface Mining for Coal	H.R. Sinclair, Jr., K.M. McWilliams, S.L. Wade, & G.R. Struben	1674

### Wednesday AM Session C - Title: Tailings

**Steve Shetron, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
An Overview of Planning and Management of the Land Application System on the Goslin Flats – Zortman and Landusky Mines, Montana	S.E. Fisher Jr.	593
Facts and Myths on the Effectiveness of Water Covers to Suppress Sulfide Oxidation and Metal Leaching – Field and Laboratory Evidence	Y.T.J. Kwong	1157
The Role of Politics, Community Involvement and Public Participation in the Reclamation of an Abandoned Iron Mine in Wyoming	T.C. Richmond & J.J. Gusek	1563
The Natural Defenses of Copper Flat Sierra County, New Mexico	J.S. Raugust & V.T. McLemore	1508
In-Place Solidification of Coal Tailings for Expressway Subgrade	N.C. Bazán-Arias, S.R. Michalski, P.E. Glogowski, & F. Howard	111
Coal Tailings Reclamation Practices: Soil Cover Variances - The Ayrshire Alternative	J.R. Nawrot	1340

### Wednesday AM Session D- Title: Stream Restoration

**Steve Kite, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
A Natural Channel Design Approach to Stream Restoration on Reclaimed Surface Mine Lands	W.A. Harman, S.J. Unger, & R.H. Fortney	791
Impacts of Surface Mining and “AOC” Reclamation on Small Streams and Drainage Networks	J.S. Kite, J. Smith, F.K. Rengers, & J.C. Walker	1120
Soil Properties Important to Stream Development on Mined Lands	J. Skousen & J. Sencindiver	1750
Natural Stream Channel Design on Mine Land Integrating Riparian Restoration to Promote Wildlife Habitat with Habitats	J.T. Anderson, J.D. Osbourne, & R.L. Ward	47
Restoration Design of Coldwater Fork Following the October 11, 2000 Slurry Spill	M.F. Adams, Jr., & J. G. Athanasakes	1
Channel Development on Unreclaimed Surface Mines in the Beaver Creek Watershed, Tucker County, West Virginia	W.D. Igo & J. Skousen	957
Reclamation of A Tailings Impacted Stream Corridor	P.L. Redmond, G.E. Austiguy, & M.A. Rotar	1532

### Wednesday PM Session A - Title: AMD Chemical

**Tiff Hilton, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Bauxsol™ Technology to Treat Acid and Metals; Applications in the Coal Industry	M. Clark, D. McConchie, J. Berry, W. Caldicott, F. Davies-McConchie & J. Castro	292
Cost-effective Acid Rock Drainage Water Treatment Applied to Mining-Impacted Watersheds	J. A. Chermak, B. Wielinga, E.G. Wyatt & J. Taylor	272
Comparison of Three Methods to Measure Acidity of Coal-Mine Drainage	B. Means & T. Hilton	1249
Mining Influenced Waters: Their Chemistry and Methods of Treatment	T.R. Wildeman, & R. Schmiermund	2001
Summary of Northern Bond Forfeiture AMD Treatment Sites	M. Sheehan & J. Seckman	1672
PA DEP-Bureau of Abandoned Mine Reclamation's Brandy Camp AMD Treatment Plant A Case Study	D. Sammarco	1618
Butte Mine Flooding Water Treatment Facility: Implementation of Major Component of Selected Remedy for Historic Contamination at Berkeley Pit Site	R.L. Zick, D.A. Velegol, Jr., M.W. Hess, & M. Foote	2079

### Wednesday PM Session B - Title: Mine Soils

**John Sencindiver, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Properties and Genesis of Minesoils on Sites Mined for Bakerstown and Upper Freeport Coals	J.R. Jones & J.C. Sencindiver	980
Evaluating Soil Quality on Reclaimed Coal Mine Soils in Indiana	C.A. Seybold, R.B. Grossman, H.R. Sinclair, K.M. McWilliams, G.R. Struben, & S.L. Wade	1644
USDA-NRCS's Role for Soils Information in the Surface Mining Control And Reclamation Act of 1977 (Public Law 95-87)	H. R. Sinclair, Jr.	1700
Two Suggestions for Quantification of Field Morphology	R.B. Grossman, C.A. Seybold, & D.S. Harms	737
Properties of Constructed Soils Along Four-Lane Highways in West Virginia	R.L. Miller & J.C. Sencindiver	1315

### Wednesday PM Session C - Title: Watershed Restoration

**Margaret Dunn, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Coal Mine Water Retention Bulkhead Design and Construction	A.A. Campoli	270
An Update on the Cheat River Restoration	B. Thorne & K. Pitzer	1894
Electronic Data Management System for Watershed Assessment and Restoration Planning	A.E. Sciulli, & D.G. Minnear	1627
Assessment of Water Quality in A Watershed Impacted by Natural ARD Using Mineralogy and Remote Sensing	D.C. Peters, D.A. Bird, P.L. Hauff, M.A. Sares, D.W. Coulter, E.C. Prosh, & F.B. Henderson III	1480
Water Quality Variability in Tributaries of the Cheat River, A Mined Appalachian Watershed	J.T. Petty & J. Barker	1484
A Process for Developing and Evaluating Design Options for Large-Scale Watershed Remediation	P. Ziemkiewicz, J. Stiles & M.D. Kessinger	2105
Monday Creek: A Case Study in Successful Partnering	M.D. Kessinger	1014

### Thursday AM Session A - Title: Acidity

**Keith Brady, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Acidity and Alkalinity in Mine Drainage: Theoretical considerations	C.S. Kirby & C.A. Cravotta, III	1076
Acidity and Alkalinity in Mine Drainage: Practical Considerations	C.A. Cravotta III & C.S. Kirby	334
Mechanisms of Heterogeneous Fe(II) Oxidation in Acid Mine Drainage	B. Park & B.A. Dempsey	1408
A Computer-Based Model for Estimating Mine Drainage Treatment Costs	B. Means, B. McKenzie, & T. Hilton	1248
The Use of Measured and Calculated Acidity Values to Improve the Quality of Mine Drainage Datasets	R.S Hedin	879
Vertical Flow Systems – Effects of Time and Acidity Relations	A.W. Rose	1595

### Thursday AM Session B - Title: Aquaculture

**Ken Semmens, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
The Future of Mine-Water Discharges from Underground Coal Mines of the Pittsburgh Coal Basin, WV-PA	J.J. Donovan & B.R. Leavitt	518
Methods Used to Determine if Mine Site are Suitable for Aquaculture	D. Miller & K. Semmens	1314
Climbing the Learning Curve in Mine Water Aquaculture : An Update from Warwick Mountain Fisheries	C.K. Blankenship	156
Utilizing Mine Water for Aquaculture - An Overview of Production Formats, 2003	K. Semmens & D. Miller	1643
Development of Treated Mine Waters for Aquaculture: Overview of Water Quality from Dogwood Lakes, 2002-2003	R.C. Viadero, Jr. & A.E. Tierney	1960
Development of Treated Mine Waters for Aquaculture: Non Ideal Water Chemistry Effects at Dogwood Lakes	R.C. Viadero, Jr. & A.E. Tierney	1961
Mine Water Aquaculture: Linking Coal Mining, Fish Farming, Water Conservation and Recreation	G. D'Souza & D. Miller	529
Physiological Overview of Rainbow Trout Grown In Reclaimed Mine-Water	M.L. Danley & PM. Mazik	478

### Thursday AM Session C - Title: Stream Characterization

**Robert Nairn, Moderator**

	<b>Paper Authors</b>	<b>Page</b>
Chemical and Biological Analysis of Fox Run Watershed, Mercer County, Pennsylvania	F.J. Brenner, S. Hedglin, S. Alexander & S. Busler	229
Acid Mine Drainage and Coal Combustion Products Affect <i>Corbicula fluminea</i> and <i>Gambusia affinis</i>	C. M. Porter & R.W. Nairn	1506
Mine Drainage Discharge Quality and Hydrology of an Abandoned Hard-Rock Mining Watershed	R.W. Nairn & N.J. Iverson	1339
Computerizing the Fluvial Geomorphic Approach to Land Reclamation	N. Bugosh	240
Monitoring at the Abandoned Elizabeth and Ely Mines in Eastern Vermont	J.V. Holmes, D.E. Lawson, K.D. White, & S.E. Acone	900

## Posters

<b>The Efficiency of Passive Treatment Systems and Their Impact on Seaton Creek</b>	<b>E. Coughlin, J. Dunne, C. McClure, S. Rummel, F.J. Brenner, &amp; S. Busler</b>	<b>333</b>
<b>The Status of the Passive Treatment Systems for Acid Mine Drainage in South Korea</b>	<b>S.W. Ji , J.I. Ko , &amp; S.J. Kim</b>	<b>971</b>
<b>Evaluation of the Efficiency of Passive Treatment Systems on Water Quality in the Headwaters of Slippery Rock Creek</b>	<b>J. Dunne, E. Coughlin, C. McClure, S. Rummel, F.J. Brenner &amp; S. Busler</b>	<b>530</b>
<b>Progress Report On the Old Bevier Passive Treatment Wetland, Macon County, Missouri</b>	<b>K. “Min” Kim &amp; P.T. Behum, Jr.</b>	<b>1034</b>
<b>Geochemical Characterization of Spoil Material to Assess Suitability for Use as a Cover in Tailings Rehabilitation</b>	<b>R.R.P. Noble, D.W.G.T. Oldmeadow, R.T. Watkins &amp; J.T. Ammons</b>	<b>1362</b>
<b>Case History of A Copper Mine Tailings Pond Reclamation in Ducktown, Tennessee</b>	<b>J.L. Branson &amp; J.T. Ammons</b>	<b>201</b>

## Plenary Session Presentations and Workshops

<b>Science, Arts and AMD Remediation: Both Necessary, Neither Sufficient</b>	<b>T.A. Comp</b>	<b>322</b>
<b>The Copper Basin Reclamation Project</b>	<b>B.B. Faulkner, K.L. Faulk, &amp; F.K. Miller</b>	<b>564</b>
<b>Assessing Reclamation Features and Estimating Reclamation Costs on Abandoned, Inactive, and Permitted Mines Using Real-Time GPS and Tablet Computers</b>	<b>L. Meier, W. Joseph, &amp; K. Garnett</b>	<b>1278</b>

**Author index begins on the next page.**

<b>FIRST AUTHOR</b>	<b>PAPER TITLE</b>	<b>PAGE</b>
Adams, Jr., M. F.	Restoration Design of Coldwater Fork Following the October 11, 2000 Slurry Spill	1
Aggett, J.	Financial cost to landowners associated with Forestland Conversion to Non-Productive Uses in the Process of Surface Mining	9
Amichev, B	Carbon Sequestration by Forests and Soils on Mined Land in the Midwestern and Appalachian Coalfields: Preliminary Results	20
Anderson, J. T.	Integrating Riparian Restoration to Promote Wildlife Habitat with Natural Stream Channel Design on Mine Land Habitats	47
Anderson, J.D.	Influence of Mineland Reclamation Practices on Microbial Community Recovery and Soil Organic Carbon Accumulation	74
Angel, P.N.	Office of Surface Mining Reclamation and Enforcement Appalachian Regional Reforestation Initiative	790
Armstead, M.Y.	Benthic Macroinvertebrate Studies Conducted in Mountaintop Mining/Valley Fill Influenced Streams in Conjunction with the USEPA Environmental Impact Study	87
